

## **Certified in Healthcare Human Resources (CHHR)**

CHHR certified professionals prove knowledgeable of health care's workforce needs and offer strategic guidance in interfacing HR programs and practices across a health system.

## **Certified Materials & Resources Professional (CMRP)**

CMRP certified professionals carry the mark of supply chain excellence with proven knowledge of effectively managing the quality and affordability of patient care.

## **Certified Professional in Healthcare Risk Management (CPHRM)**

CPHRM certified professionals offer expertise in minimizing risk in a health care setting through proven knowledge of clinical and patient safety programs, risk financing, and compliance with federal regulations.

## **Certified Healthcare Environmental Services Professional (CHESP)**

CHESP certified professionals have demonstrated advanced knowledge of maintaining the environment of care.

## **Certified Healthcare Facility Manager (CHFM)**

CHFM certified professionals have proven expertise in optimizing the health care physical environment to keep patients safe and building operations running efficiently.

## **Certified Healthcare Constructor (CHC)**

CHC certified professionals have a detailed understanding of completing construction and renovation projects in a nuanced health care setting.

## **Certified in Critical Care Nursing (Adult)**

## **Certified in Critical Care Nursing (Pediatric)**

## **Certified in Critical Care Nursing (Neonatal)**

These are a specialty certification for nurses who provide direct care to acutely/critically ill adult, pediatric and neonatal patients regardless of their physical location. Nurses interested in this certification may work in areas such as intensive care units, cardiac care units, combined ICU/CCUs, medical/surgical ICUs, trauma units or critical care transport/flight.

## **Critical Care Knowledge Professional Nursing (Adult)**

## **Critical Care Knowledge Professional Nursing (Pediatric)**

## **Critical Care Knowledge Professional Nursing (Neonatal)**

These are a specialty certification for nurses who influence the care delivered to acutely/critically ill adult, pediatric and neonatal patients but do not primarily or exclusively provide direct care. Nurses working in roles such as clinical educator, manager/supervisor, director, academic faculty or nursing administrator may be eligible.

## **Certified in Critical Care Nursing – Tele-ICU (Adult)**

A specialty certification for nurses who primarily or exclusively provide care to acutely/critically ill adult patients in a centralized or remotely based tele-ICU setting that is networked with the bedside via audiovisual communication and computer systems.

## **Progressive Care Nursing (Adult)**

A specialty certification for nurses who provide direct care to acutely ill adult patients regardless of their physical location. Nurses interested in this certification may work in areas such as intermediate care, direct observation, stepdown, telemetry, transitional care or emergency departments.

## **Progressive Care Knowledge Professional Nursing (Adult)**

A specialty certification for nurses who influence the care delivered to acutely ill adult patients but do not primarily or exclusively provide direct care. Nurses working in roles such as clinical educator, manager/supervisor, director, academic faculty or nursing administrator may be eligible.

## **Cardiac Medicine Nurse (Adult)**

A subspecialty certification for certified nurses who provide direct care to acutely/critically ill adult cardiac patients. Nurses interested in this certification may work in areas such as cardiac care units, medical ICUs, telemetry, progressive care, heart failure clinics, home care, interventional cardiology, cardiac cath labs and/or electrophysiology units.

## **Cardiac Surgery Nurse (Adult)**

A subspecialty certification for certified nurses who provide direct care to acutely/critically ill adult cardiac surgery patients in the first 48 hours postoperatively. Nurses interested in this certification may work in areas such as cardiothoracic surgery, cardiovascular surgery and post-anesthesia care units.

## **Acute Care Nurse Practitioner (Adult-Gero)**

An entry-level advanced practice board certification for acute care nurse practitioners (ACNPs) educated at the graduate level to provide continuous and comprehensive advanced nursing care to acutely ill adult-gerontology patients (young adults, older adults and frail elderly) experiencing episodic illness, exacerbation of chronic illness or terminal illness.

## **Clinical Nurse Specialist through Acute Care (Adult-Gero)**

## **Clinical Nurse Specialist through Acute Care (Pediatric)**

## **Clinical Nurse Specialist through Acute Care (Neonatal)**

An entry-level advanced practice board certification for clinical nurse specialists (CNSs) educated at the graduate level to provide advanced nursing care across the continuum of healthcare services - wellness through acute care - to meet the specialized needs of the adult-gerontology patient population (young adults, older adults and frail elderly).

## **Certified Emergency Nurse**
